VALA

Venues for Artists in the Local Area

Connecting artists to artists, artists to the community, and the community to art.

New Artist Call!

VALA Eastside invites artists to submit their work for the upcoming exhibition, “Art is Me, Art is Us,” taking place from April 4th, 2025, to May 23rd, 2025. This show is centered around the idea of “Art is Me, Art is Us.”

This theme is one that VALA introduced years back with the notion of inclusivity, in that art is intrinsically a part of who we are as individuals and as a community.

The theme of “Art is Me, Art is Us” asks artists to explore their connection to art, whether it is something they produce every day, as a method to express their inner selves, a reflection of society, or an experiment in capturing the world around us or within us. Art is a part of our everyday lives, from the art we make as children to the design of the clothes we wear, from the books we read to the art on our walls. Art bridges the gap between people and connects us all within the fabric of our society. We invite you to share your vision and artistic interpretation of how art is a part of all of us in this exhibition.

The application deadline is Thursday, March 20th, 2025, 11:59 pm

Submit up to three works (art, poetry, video, performance).
